DMG 2218: Migration Studies

Answer three (03) questions only.

Time: Two (02) hours

This paper contains five (05) questions and one (01) page.

1. a) Explain what is meant by 'migration' using suitable definitions. (10 marks)
b) Examine how the study of migration differs from the study of other demographic components by using appropriate examples. (10 marks)
2. a) Describe the sources of data that can be used to examine internal and international migration in Sri Lanka. (10 marks)
b) Examine the importance of the above sources of data for the management of international migration in Sri Lanka. (10 marks)
3. Explain any two (02) theories that can be used in the study of internal migration of a country and, examine to what extent those theories are suitable for the study of internal migration in Sri Lanka. (20 marks)
4. "International migration often takes place from countries with less economic opportunities to countries with more economic opportunities". Examine this statement using a suitable migration theory, by taking any country as an example. (20 marks)
5. Write short notes on any **four (04)** of the following topics.
 - a) Measures of international migration
 - b) Measures of internal migration
 - c) Typologies of migrants
 - d) Internal migration-related issues
 - e) International migration policies and programmes(04 x 05 = 20 marks)
